

Dear Valued Customer,

Further to yesterday's Prime Minister's address and for the safety and wellbeing of our staff and families we have decided to temporarily close our main office in Kenfig, South Wales until further notice.

However, the factory remains open and fully operational. Our office staff will be working remotely and are contactable via e-mail and mobile.

Our factory is open and we are still making and delivering products, this is just our office staff. Please carry on sending in your orders.

Feel free to call or email me direct if you have any questions.

Nigel Cannon
