## 3 Details

COVID-19 early outbreak management information has been created to make sure that people who run businesses or organisations:

- know how to recognise and report an incident of coronavirus (COVID-19)
- are aware of measures local health protection teams may advise in order to contain it

This information is contained within '[action cards](#)' that have been designed for specific situations where an outbreak could occur. This could be a restaurant or office, a construction site or a place of worship.
